

FOXPRO WILDFIRE

HOT!!!

www.africanpredator.com

I put mine on a tripod for better remote range

12-10-2011

The new caller is hot for 2012, taking the place of the old FX3, this is smaller, lighter and uses less battery power, simply a neat compact unit.

I place my caller on a tripod to get better response from the remote at longer ranges.

Order directly now from joe@gofoxpro.com and tell him to load Gary's sounds, then you get it ready to hunt with out of the box!

You can load your own sounds if you wish, really easy to use.

Contact Joe directly and save thousands of Rands in a flash!
