Subject: calling equipment

Howsit Gary

Lately i have been surfing the internet, trying to find some jakal & lynx hunting tips.....I came across your website(FEATHERS AND FUR) - Flippen amazing!

Please could you recommend calls which you think would work best and would suit the area i am hunting. Can you include their prices too. How would i go about purchasing them (direct transfer?) and would it be possible to post them to natal?

Thanks alot.....Tiaan Lochner
