

JAKKALS JAG REFERENCE

Hallo Gary

Thank you very much for the 13 part course you sent me and I would like to tell everybody about the great success I had after reading your 13 part course. I would recommend everyone to read the course. At last I have found someone that really knows jackal hunting and are willing to share their knowledge with fellow hunters. Thank you for a great website.

We shot 4 jackal on full moon on the 24/3/2015 and 8 jackal on the 27/3/2016 using the 2 caller system of course 7 and the sound you talked about in the course.

Thank you

Johan Visser
